OBJECTIVE

Aspiring Front-End Engineer with 1+ years of experience in JavaScript and modern front-end technologies. Passionate about collaborating within Agile, high-performing Scrum teams, with a strong foundation in Agile methodologies and continuous learning. Dedicated to staying up to date with cutting-edge technologies to enhance efficiency and innovation. Detail-oriented and committed to writing clean, scalable, and maintainable code, with a continuous drive to improve. Known for my keen eye for small details, which helps me deliver unique and high-quality user experiences.

EXPERIENCE

Freelance Front-End Developer
Self-Employed | 2024 – Present

- Developed responsive and dynamic web applications using JavaScript, React.js, HTML, and CSS.
- Collaborated with clients to deliver customized UI solutions that enhance user experience.
- Optimized website performance, implementing best practices for SEO and page speed.
- Worked in an Agile environment, following Scrum methodology for project management.

SKILLS

React.js, Context API
JavaScript (ES6+), Type Script,
chart.js HTML5, CSS3, SASS,
Bootstrap

Git, GitHub, Chrome DevTools,
Postman, Figma
SOLID, Restful APIs, Babel, Vite UML,
OOP, Design Patterns

PROJECTS

Betak website | HTML, CSS, JavaScript, Laravel, MYSQL. | *(Jun 2024)*

The core idea of the project is to create a user-friendly, comprehensive real estate platform. Applied SOLID principles to create a modular and maintainable codebase.

Course Platform | HTML, CSS, JS | *(Oct 2024)*

Developed a responsive website to showcase courses, focusing on user-friendly design and mobile responsiveness. Demonstrating skills in DOM manipulation and responsive design principles.
